DECEMBER NEW ITEMS

Del Duca®

Each Del Duca® Prosciutto is made in the United States using high standards. After applying all-natural ingredients—the highest quality salt—the Del Duca® Prosciutto are aged for nine to fifteen months. Each Del Duca® Prosciutto is individually inspected to determine which is ready for sale. The process is lengthy but it ensures that every slice has a consistently sweet—never salty—flavor and a delicate, pink color.

The Prosciutto in each pre sliced pack are “fluffed” for easy separation.
